

Rayat Shikshan Sanstha's
Karmaveer Bhaurao Patil College, Vashi, College
(Autonomous College)
Department of Geography

PROGRAMME SPECIFIC OUTCOMES

PSO1: Spatial Analysis and Mapping:

Demonstrate proficiency in utilizing geographic information systems (GIS) and remote sensing technologies for spatial analysis and mapping. Apply cartographic principles to create and interpret maps that effectively communicate spatial information.

PSO2: Regional Understanding:

Develop a comprehensive understanding of the physical and human geography of different regions at local, national, and global scales. Analyze and interpret the spatial patterns of social, economic, and environmental phenomena in various regions.

PSO3: Fieldwork and Research Skills:

Acquire practical fieldwork skills for collecting and analyzing geographical data through field surveys, interviews, and observations. Demonstrate the ability to conduct independent research projects, including problem formulation, data collection, analysis, and presentation.
