In this digital world, where children are increasingly wired to social media and the internet, the concerns of cyber security, cyber bullying, cyber hygiene are pertinent. Parents too need to be well-informed of what steps they can take to keep their children safe. With this notion, veer Bhaurao Patil College,Vashi hosted an online interactive session by India's renowned Cyber Security Expert, Mr. Sachin Dehedia . He is a Director/ Founder of 'HackerShala' and Advisor of Cyber Crime Unit, State Police. He's also the Director Executive of Council of Information Security. He has conducted 10,000+ workshops in more than 90 cities and has interacted with 30,50,000 students.

The session was conducted in two phases where he interacted with the students, parents and staff separately. In the first session, he interacted with the kids and discussed about the trending apps and games. The kids were told about the legal aspects of accessing the internet like the legal age, ethics and rules of using social media and gaming. The parents and students were advised to handle real and virtual life judiciously. The audience were introduced to various terminologies like Cyber Bullying, hacking, phishing, cloning, data theft, digital frauds
